Product Range

Whatever you want, whatever you need it for

Our product categories extend from education essentials, through to furniture and kitchen and cleaning supplies. If you can't find something you need we will do our best to source it for you.

Local Supporting Local

We support local business and communities because we are a local business.

We believe in not only building relationships with our customers, but also building relationships with the community.

In supporting local business and schools, we provide you with the solutions you need to get the job done. We take pride in strengthening the community and every individual living locally.

Our initiatives include sponsorships with local sporting associations, fundraising and community projects, in turn supporting our local economy.

Buy Local, Support Local

Education Plus is a proud supporter of Make A Wish Australia

As one of **Australia's most reputable charities**, Make-A-Wish partners with sick kids, their families and medical teams to grant wishes as unique as the children who imagine them. Make-A-Wish creates life-changing wishes for children with critical illnesses. Their mission is to grant the wish of every eligible child – a quest sparked by the belief that a wish is integral to a child's treatment. Through a variety of fundraising events and selling bags of lollies in store we are able to donate \$\$\$ to Make A Wish Australia, something we are very proud of.

Early Learning

Education Plus also caters for preschools, kindergartens and Day Care Centres. Whether it be furniture, puzzles, art and craft and early learning developmental products, we can help you out. Education Plus also stocks a range of sensory products specifically designed for special needs children.

Picture Story Books

Looking for picture story books, we have a large selection that cover topics like bullying, emotions, feelings, self-esteem, multi-culturalism and even the more sensitive topics like abuse, body safety and gender equality.

Classroom Decoration & Motivation & Storage

Education Plus can help you decorate your learning areas, reward students and promote a stimulating environment. We have a large range of merit stickers, charts, reward certificates, bulletin boards, borders and much more. We have a large display instore or call for a catalogue.

Brighten your learning areas with a comprehensive range of classroom storage ideas from Elizabeth Richards, we stock the complete range.

Back To School

Education Plus is a leading supplier to the Education market throughout country Victoria both through the busy booklist period and the year as a whole.

So why choose Education Plus as your booklist supplier:

- 100% family owned and operated country Victorian business
- High emphasis on providing superior customer service
- Competitive pricing and quality branded products
- Text and stationery all catered for, all year round and not just at back to School time
- Full internet services in both the booklist design stage and for the students ordering
- Extensive collection day support and consequently less time in queues
- Provision for late orders
- Qualified and experienced staff
- School fees catered for on the booklist with full reporting by fee type and student
- Extensive reporting showing all student purchases
- Extensive “after booklist” support
- Regular contact throughout the school year
- Regular update on both new products and new text titles through out the school year
- No packaging fees on booklists

We offer an all encompassing package, with emphasis on making the process as hassle free as possible for the school and a booklist that offers value for money for your families

We are the ideal booklist supplier !

What is best for your school?

We offer you several choices when it comes to your school supplies for the new school year depending on what works best for your school.

Option 1: Bulk Supplies

Option 2: Student Book packs

Option 3: Individual Booklists: - printed or online

1: Bulk Supplies

The traditional primary school back to School order is for bulk supplies for the classrooms, where the school orders class supplies in bulk. We provide a comprehensive back to school catalogue. Orders can be placed online, via email or by completing our BTS order form. Your orders are individually packed according to your original order..... **by class, by room or what ever your requirements might be.** Then these orders are delivered to your school .

Early Learning Products

Classroom Storage Solutions

Art and Craft Supplies

Text & Student Workbooks

Exercise Books, Writing Materials and General Stationery

Teacher Resource Material

2: Student Book Packs

The starter packs provide the students in each class with a box containing a set range of products as specified by the school and teaching staff.

A lot of products used in primary schools are specialised and not always available from your chain stores and therefore students turn up to school with the incorrect product.

The advantages of this type of system include:

Each student in the class has the same products.

You can be guaranteed that each student has the brand of product you like. There is no turning up on the first day of school with the incorrect product.

You are able to charge a fee for the starter pack and thus reduce your class stationery costs that the school normally incurs.

Each box is clearly labelled with the year level for quick & easy identification on distribution day.

Distribution of boxes can be handled by the school or we can come to the school on a mutually agreed date

3: Booklists

Set the mood for a productive year with a complete bundle of high-quality school supplies!

The trend over the last few years however is that more primary schools are introducing a booklist system either in the form of a “starter pack” or your traditional booklist like that of secondary schools.

We of course have all the experience needed to provide you the best knowledge and advice which ever path you decide to go down. If you choose the traditional booklist where your

students select which items they wish to purchase your **booklist is built with your full consultation** from your staff.

Your booklist can include any school charges, fees and levies.

You now have two options for your school booklists:

1: Printed Booklist:

A traditional printed version of the booklist is supplied to the school for each student. Parents have two options for submitting the booklists. Parents can complete the booklist manually and then return it to the school and we will arrange the collection of all returned lists. The other option parents have is the option of submitting the booklist online. Once submitted on line they will receive a return email acknowledging their order.

2: Electronic Booklists:

You no longer have to have a printed version of the booklists. Several schools have already opted for a totally electronic booklist. Booklists can now be completely online.

Students/families are provided a login code to access their particular school and year level, booklists are then completed online using our comprehensive on line ordering system. Schools can have complete control over the preparation of the online booklists using our user friendly booklist program. If you do not feel confident in doing this yourself, after consultation with you, we can build the online booklists for you.
